INSTALLATION AND REPAIR TECHNICIANS

JBLENDZ COMMUNICATIONS

High Speed Internet | Telephone | Television

For over 20 years our team has been training staff, developing methods, and maintaining America's Midwestern Telecommunication Infrastructures. By specializing in telecommunication copper and fiber infrastructure we have built our business on a foundation of expertise and customer service.

We pride ourselves on our extensive knowledge of what we do and how to keep doing it better. Our constant strive for improvement, training methods and providing our clients with unique solutions for specific needs has been the key to our success.

WHY US?

Staffing Needs with Excellent Personnel

We emphasize the importance of being able to deliver the highest standard possible at an affordable price. Our management team leverages a proven training program and years of experience providing trained technicians you can rely on.

Hard Working Installation & Repair Technicians

Our team of professional I&R technicians are cross-trained to install FTTP, IPTV, high-speed data modems, digital and analog tv, and digital telephone service. Our technicians are equipped with trucks, smartphones, laptops, test equipment and tools needed to meet the challenges of the changing broadband world.
